

TEGO® Stemlastin has been awarded as one of the innovative products in the category naturals/actives at in-cosmetics 2013

BSB Innovation Award for cosmetics and raw materials reveals latest cosmetic inventions

The BSB Innovation Award highlights the best finished goods and ingredients in four different categories. Each prize winner is selected by an international and independent jury that consists of industry professionals from leading players.

Evonik`s TEGO® Stemlastin has been awarded in the category innovative raw material cosmetics naturals/actives.

TEGO® Stemlastin is a standardized red algae extract which is unique in its capability to produce GABA. It is produced in a natural, eco-friendly way using a photo bio-reactor. TEGO® Stemlastin shows proven combined activity on epidermal stem cells and elastic fibers.
